Finding Canadian Open Articles in the Canadian Newsstream Database

2. Scroll down and click on the link to Canadian Newsstream

3. Enter “Canadian Open” in quotation marks in the first box, then, golf, in the second box. Change the Publication date drop down menu to, Last 12 months.

   Then press Search.

![Advanced Search](Advanced%20Search.png)

4. Your search results will include articles from newspapers all across Canada. You can limit your results to more well known papers like the Toronto Star, The Globe and Mail, etc.

   Use the, Publication title, menu under the Narrow results heading to pick a specific newspaper.

![Publication title](Publication%20title.png)
5. Then click on an article title of interest. That is all there is to using Canadian Newsstand.
